## *What others say about Cornerstone Homes:*

"Tim and Matt at Cornerstone are awesome! Construction is certainly a business but what sets these guys apart is they genuinely care about producing a quality product and ensuring the customer is nothing short of satisfied. We did a fully custom home over in Wylie Legacies and we love it. It certainly wasn't your standard West Texas style and they worked with me every step of the way to ensure we got what we wanted. Highly recommend!"

**- Tim Rak**

"We had a home built 2017. We love the style. Very cozy and great building experience. Tim was very understanding of our needs and very helpful! Recommend checking out Cornerstone Homes."

**- Gregory LaBrie**

"The house we bought is amazing! The builder works with you to get financing and to make sure everything is perfect. By far the best experience I've had buying a home!"

**- James Boos**

"We built a house through Cornerstone last year and had an amazing experience! The road to building can be scary, but we have absolutely no complaints! Matt and Tim are phenomenal at what they do! They are professional, they answered the phone and returned our calls, and there were no surprises whatsoever during the build. We always knew everything up front. We loved how Matt and Tim were always at the job site daily to check up on things during the entire build. The sub contractors were always polite and professional too. We have a beautiful home and get compliments constantly. No doubt, if we ever build again, without hesitation we'd choose Cornerstone Custom Homes!"

**- Whitney Westbrook**

"We love our new home! Matt and Tim were very patient with us and answered all of our silly questions. They walked us through the entire process and let us do as much customization as we wanted. We ended up a little over budget, but finished a month early. There is not a single thing we would change."

**- Erin Spence**

"Our family had an outstanding experience with Cornerstone. Our home is 100% custom from the floor plan to the very last light fixture and it turned out exactly as we dreamed. Throughout the process, Cornerstone kept us informed of progress and any dangers to the timeline and budget. It was this attentiveness to detail that kept the project on time and on budget and gave us peace of mind in what is typically a stressful experience. Honestly, I could not have imagined that the build would have gone so smoothly. Additionally, Cornerstone has been very attentive to help us out with some exceedingly small issues after completion. We feel blessed to have worked with them and absolutely love our new home!"
